

YORTON SALE

GOFFS

SINCE 1866

BUY WITH CONFIDENCE

This year will celebrate the seventh Yorton Sale and it has been an incredible journey since its inception in 2019. A lot has changed since then, and we look back on the efforts made to turn what was a new concept in the UK and Ireland into the event it is now. With no results to fall back on, our message to buyers was very much based on a promise – this sale will deliver.

And deliver it has. The following pages attest to a sale that is producing the results – headlined by over 80 individual winners – two of those at Grade 1 level, along with outstanding pinhooking profits.

But it's more than that – because this sale has delivered on its founding ambition, to get NH horses into training earlier – something we have long campaigned for and backed with the launch of this event. Since its inception, the UK and Ireland have established racing programmes for 3YOs – and the Yorton Sale has been responsible for numerous winners of these races already.

Major store sales in the UK and Ireland are following the trend, but this sale was the source, and it remains the only dedicated sale for NH 2YOs on the calendar.

Given all that has been achieved, our message to buyers this year is no longer based purely on a promise, it's also based on results. You can buy with confidence here – and the fact that we get so much repeat business further bolsters this statement.

So, please mark 10 September in your diary and join us at Yorton for what is a truly unique and exciting event on the sales calendar.

The programme for NH 3YO races seems to be going only one direction. Yorton provides an ideal hunting ground to source horses specifically for a 3YO campaign. They do a great job.

GREAT BRITISH BONUS

All 3 stages of the GBB registration will be completed in advance of the sale for any eligible fillies.

“

We returned to Yorton last year having had success with Just Chasing May & Wolf Moon. We zoned in on well bred fillies focusing on the GBB bonus and could not be happier with what we purchased. We will look to be there in September.
